It is generally reported in Raleigh that Col. John S. Cunningham is a candidate for Lieutenant-Governor.

Two banks failed at Macon, Ga., a few days ago. It is presumed that they haven't been Macon money enough to keep their heads above water.

In spite of the electric fans provided for the comfort of the State Democratic convention at Greensboro, there'll be plenty of "hot air" in the Banner Warehouse when the oratory begins.

Representative Hitt, of Illinois, think he will make a good running mate for Roosevelt. As Roosevelt thinks he is "It," it would be appropriate for Hitt to be on the Republican national ticket.

A fashion note says the Summer girl of 1904 is to wear suspenders. We guess that whatever the dear charmers will wear is all right, but we are curious to know what a girl's suspenders will be buttoned to.

A Pennsylvania man spent ten years hunting "the ideal woman," and when he found her a month ago he married her. He is now dissatisfied because she has a big, ugly mole on her shoulder so she can't wear décolleté gowns. It is a foolish ideal that does not expect to find a blemish or a fault somewhere.

We learn from the Greensboro Telegram that the Banner Warehouse will be large enough to seat 5,000 people at the forthcoming Democratic Convention at Greensboro. There will be plenty of electric fans and ice water, and we hope nothing will be said or done to make anybody "hot in the collar."

Some people seem to think that Judge Parker is running for President on the platform adopted by the New York Democrats. They ought to wait for the St. Louis platform, which will do the "talking" for the Democratic party. As a matter of course that New York platform was for State consumption.

The incredulous Washington Post says: "An Ohio man, according to reports, proposes to resign an office because he does not think he is sufficiently well educated to hold it. We accept that brand of reports only when accompanied by proper affidavits." Generally those are the sort that "rush in where angels fear to tread." More the wonder, therefore, that the Ohio man knew enough to stand from under.

### LOCAL DOTS.

—The local spirits of turpentine market yesterday was dull at 53¢.  
—The W. C. T. U. will meet this afternoon at the First Baptist church.  
—The Board of Directors of the A. C. L. will meet to-day in New York.  
—These are dull times with the police. Not a single arrest for a day and a half, and no season of the police court yesterday.  
—Cape Fear Chapter No. 3, U. D. C., will meet this afternoon at the W. L. I. armory at 4:30 o'clock. This is the last meeting of the season and a full attendance is desired.  
—A demonstration of the line of biscuits and crackers manufactured by the National Biscuit Company will be made by representatives of the company at the Holmes Grocery Company, beginning to-day.  
—The Southside and Lumberton Presbyterian Sunday schools were guests of the Consolidated Company yesterday for a delightful excursion to the beach. The little folks made the Casino ring with their merriment.  
—Jefferson Lodge K. of P. had another interesting session of a social nature last night, the interest having centered about the attendance contest of the "Reds" and "Blues." The score was 19 to 20 in favor of the last named.

### HIGH SCHOOL GRADUATES.

Commencement Exercises at Favorite Public Institution to-morrow.  
The graduating exercises of the Class of 1904 at the Wilmington High School will take place to-morrow evening in the High School Chapel, beginning at 8:15 o'clock. The exercises promise to be of an unusually high standard and of great interest. The class is the largest in the history of the institution and the average of scholarship is much higher than usual. The annual address to the class this year will be by Prof. W. C. A. Hamel, of the State Normal and Industrial College. He is a most interesting and eloquent speaker and will be heard with great pleasure by a Wilmington audience. Handsome invitations to the commencement exercises have been mailed by members of the Senior Class to their friends and as the capacity of the auditorium is limited, admission will be by card only.

PRECIOUS COLORED YOUNGSTERS.  
They Started for New York, but Were Intercepted at Norfolk, Va.

At the request of Chief of Police Furlong, of this city, Chief M. J. Velles, of Norfolk, has detained there two colored boys, Louis and Bruce McFarlan, aged 13 and 16 years, respectively, who ran away from their home in this city with the Newbern excursion Monday a week ago and were making their way to New York by boat, when a telegram overtook them in the Virginia city. There is no charge against the precocious colored youngsters, and they are held at the request of their father, Joseph McFarlan, a well-to-do colored man of this city. They had not a cent of money about them when taken into custody at Norfolk, and their father left yesterday morning to bring them back home.

### RATES TO DIOCESAN COUNCIL.

Rev. Frederick N. Skinner, the Secretary, issues Notice of Wilmington Meeting.  
The following reduced rates for the 21st Annual Council of the Diocese of East Carolina, to be held in Wilmington, beginning May 25th, 1904, have been secured.  
Persons attending the Council from points in the Diocese on the A. & C. R. R., the Atlantic Coast Line, the Seaboard Air Line and Southern Railway, must purchase full fare tickets to Wilmington and secure ticket to that effect from the agent at purchasing office. Upon presentation of these certificates to secretary of the Council and special agent at Wilmington, "the return rate" will be one-third of first class limited fare, plus twenty-five cents.  
Certificates for return tickets will be good for return until June 1st on the roads mentioned. Yours, faithfully, FREDERICK N. SKINNER, Secretary of the Council.

### Storm Yesterday Morning.

A very dense and threatening cloud passed around the city yesterday a little after the noon hour. At Chadbourn, N. C., about 11 o'clock the storm broke with all its fury. Several houses are reported to have been shaken or lifted from their foundations and some damage wrought by a fall of hail. Earlier the same morning Florence, S. C., had an excessive fall of rain out of the same cloud.

## MECKLENBURG'S VOTE

Complete Official Returns from All Precincts in Primaries There on Tuesday.

### STRENGTH IN CONVENTION.

Result Highly Satisfactory to Friends of Maj. Chas. M. Stedman, Unopposed Candidate—Winston Leads Motion for Second Place.

CHARLOTTE, N. C., May 18.—Complete official returns from Charlotte and Mecklenburg county give the following results as to yesterday's primary:  
For Governor: Glenn, 1,426; Stedman, 1,301; Turner, 373; Davidson, 82. Lieutenant Governor: Motion, 690; Winston, 1,817.  
Friends of Maj. Stedman are elated over the good run he made in the county and city. They confidently believe that in the convention he will secure the Turner and Davidson delegates, which will give him a lead over Glenn. The result is a surprise to the Glenn contingent for the Forsyth men beat the bushes of Mecklenburg vigorously for weeks before the primary, while little or no effort was made in behalf of Major Stedman and the Greensboro candidate never made a speech in the county.

### ROSEATE VIEW OF THE FUTURE.

Sept. W. H. Bixby, U. S. A., Writes Optimistically of Wilmington and State.  
Many Wilmington people pleasantly remember Capt. W. H. Bixby, U. S. A., who was in charge of the United States Engineering Corps in this city for several years about 1885. Capt. Bixby is now at Hubbardston, Mass., away up in New England, but he still has a pleasant recollection of the Cape Fear and its people. From a private letter to the editor from Capt. Bixby, the STAR takes the liberty of making the following extract:

"I have always looked with interest to the progress of the city since I left there, and have hopes that its river and harbor improvements and library will some day reach the full developments that I endeavored to push through, or rather to start.  
"I still look forward to the day when Wilmington and Southport will be the great shipping ports for all North Carolina and North Carolina railroad connections from the West. There is enough material wealth in the soil of North Carolina to ensure some day very great developments to the whole State as well as to its seaports. The only question is how soon it will come, and you have my best wishes for an early realization of what must come sooner or later."

### TUESDAY'S STRAWBERRY SHIPMENTS.

More Than a Hundred Cars on Lower Prices—Shipments by Express.

Tuesday's shipments of strawberries through South Rocky Mount amounted to 106 solid refrigerator cars and 1,398 crates by express. New York quotations were 7 to 15 cents; Boston, 6 to 12, and Pittsburgh, 9 to 10. The distribution Tuesday was as follows: Philadelphia, 15 cars and 398 crates; Pittsburgh, 18 cars; New York, 11 cars and 34 crates; Newark, N. J., seven cars; Boston, Providence, Buffalo, Albany and Elmira, five cars each; Syracuse, three cars each; Worcester, Hartford, New Haven, Utica, Detroit and Toronto, two cars; Baltimore, one car, 338 crates; Pittsfield, Mass., Norwich, Waterbury, Erie, Wilkes-Barre, Honesdale, Binghamton, Ithaca, Cleveland, Montreal, Keene, N. H., North Adams, Portland and Watertown, N. Y., one car each. Washington, D. C., received 461 crates; Wilmington, Del., 128; Richmond, 120, and N. C. points, 14.

### GOV. BOB TAYLOR'S NEW LECTURE.

Versatile Genius from Tennessee Will Appear Here To-night Week.  
A deal of interest is being manifested in an appearance here to-night of Governor "Bob" Taylor in his new and interesting lecture, "Outwitted in the Air." Governor Taylor's appearance will mark the close of the Star Course at the Y. M. C. A. and members will be charged only 35¢. To all others the admission, including reserved seats, will be 75 cents. In his new lecture the versatile Tennessee orator is said to have opportunities which he accepts and brings out that is within him—both humor and pathos.

### Peabody Graded School.

The STAR acknowledges with thanks an invitation to attend the Class Day Exercises of the Class of 1904 at the Peabody Graded School this morning at 10 o'clock. It will be Visitation Day at the school and all friends interested in the work are respectfully invited to attend. The class is composed of Addie B. Heath, Josephine Thomas, Lucy B. Mills, Arthur E. Nixon and Robert Luther Wiggins. Members of the class will take part in interesting commencement exercises during the morning hours. Next Monday night other pupils of the school will take part in exercises in the Academy of Music.

### Mrs. Lynch Passed Away.

Friends in Wilmington will receive with sorrow the not unexpected news of the death of Mrs. Alice Kingsbury Lynch, devoted wife of Mr. W. D. Lynch, of Oxford, N. C., and daughter of Dr. and Mrs. T. B. Kingsbury, of this city. Mrs. Lynch passed away at her home in Oxford yesterday at 1 P. M., after a long and desperate illness, during which time her life was several times despaired of. Mrs. Lynch was 37 years of age and has hundreds of friends in Wilmington who will regret exceedingly her untimely death.

### HANDSOME INSURANCE OFFICES.

Messrs. Willard & Gilles New Have Beautiful Business Apartments.

The offices of Messrs. Willard & Gilles, in the Carolina Insurance building, on Princess street, are now among the most handsome in the South, having been recently remodelled throughout and very handsome fixtures having been installed.  
The interior of the building has been beautifully finished in water colors by Hale, the decorative artist, while the wood work has been given a beautiful natural finish. The fixtures are from the world-famous factory of H. M. Beutell & Co., of Atlanta. The counters, windows, etc., are of the fashion of those for banks and places of exchange, of antique oak, trimmed with Tennessee marble, cathedral glass and handsome bronze grates. Private offices for the proprietors are arranged at convenient stations behind the massive enclosure, while in the rear room, built about a year ago, all the clerical work is done and the records kept in vault. Under the counters in the main room sectional Wernicke cases will be placed for the reception of all unimportant papers. The offices are a veritable "thing of beauty and a joy forever" to the enterprising proprietors of that well known insurance firm.

## TWENTIETH OF MAY.

Military Will Celebrate Anniversary of Mecklenburg Declaration of Independence

### AT WRIGHTSVILLE BEACH.

Rifle Match for Gold Medal Between W. L. I. and Naval Reserves—Hourly Schedule on Consolidated—The Boys' Brigade at Carolina.

The one hundred and twenty-eighth anniversary of the Mecklenburg Declaration of Independence will be fittingly celebrated by the military of this city to-morrow. Not a great while ago the celebration of that important anniversary upon the calendar of North Carolina's great achievements was confined strictly to Charlotte and Mecklenburg county, but of late the people of the whole State have come to a realization of the truth that not only Charlotte and Mecklenburg have part and parcel in that glory but that as North Carolinians the whole people can join them in the first celebration of principles which recognized the right of the colonies to throw off the British yoke of oppression. Both Wilmington and Raleigh will join Charlotte to-morrow in a very appropriate celebration of that great event in our national history.

The Wilmington Light Infantry and Wilmington Division, Naval Reserves, have chosen Wrightsville Beach for the scene of their celebration and with both of those companies the day will have a double significance, for it also marks the anniversary of their founding. For the W. L. I. it will be the first anniversary, the semi-centennial having been celebrated last year with a big excursion to Lake Waccamaw. This year all the arrangements are in the hands of a special committee composed of Messrs. J. McKee Hale, R. L. Butt and W. L. Walker. There will be numerous features of entertainment, but possibly the greatest will be the rifle match with the Naval Reserves for a handsome gold medal established several years ago to become the permanent possession of the company winning the best two out of three. Daily for the past week squads from each of the organizations have been going out every afternoon for practice and some fine scores are promised. The contest will take place during the afternoon beyond the pavilion on the beach, over a range of 300 yards, at a regulation silhouette target. A team of five to compete for the prize will be selected to represent each company. The Naval Reserves, team will be picked to day while the W. L. I. team will be selected after the company shoot for the company medal during the morning of the celebration. The Naval Reserves during the morning will interest themselves and a large number of spectators in a Division shoot with their one-pound Hotchkiss at a floating target 1,000 yards to sea. In all of these events there is much interest among the military.

Anticipating a heavy travel on that day, the C. R. L. & P. Co., announces that an hourly schedule will be operated the entire day from 7 A. M. to 9 P. M., with double headers during rush hours. There will be music at the Casino and the public will be welcome there without cost. An abundance of ice water is promised free of cost and police attendants have been engaged to look after the welfare of ladies and children. The W. L. I. will have headquarters at the Atlantic Yacht Club house, which has been placed at the disposal of the Infantry. The Naval Reserves will have headquarters at the Casino. Lieut. H. M. Chase, commanding, orders the Division to assemble at the armory at 9:30 A. M., wearing white uniforms with leggings. Those who cannot report until afternoon will call at the armory for rifles and ammunition and proceeding to the beach will report to company headquarters at the pavilion. To-morrow the twentieth of May celebration at Carolina Beach will be in charge of the Boys' Brigade. There will be three trips of the boat during the day—9:30 A. M., 3 and 7:30 P. M. At the beach there will be target practice, baseball, music, dancing, refreshments and other forms of entertainment. The fare for the round trip is only 25¢.

### SUDDEN DEATH AT NEWBERN.

Mrs. John Dunn, Prominent Society Woman, Expired Suddenly Last Night. (Special Star Telegram.)

NEWBERN, N. C., May 18.—John Dunn, a prominent merchant of this city, to-night found his wife unconscious and she died almost immediately with apoplexy, having been stricken while alone and without warning of any serious ailment, at 8 P. M. Mrs. Dunn was very prominently identified with the work of the Episcopal church and was a leader of the social set. She was a daughter of the late Dr. J. A. Galton and a sister of O. H. Galton, Esq., representative from Craven in the Legislature. She leaves several brothers and two sisters and five sons.

### Wilmingtonian Abroad.

The Atlanta News of last Sunday prints a half-tone likeness of Wilmington's esteemed young travelling man, Mr. T. H. Thompson, with an interesting interview from him regarding Wilmington's industrial and business outlook. The Chamber of Commerce figures of the volume of trade here are quoted in a most interesting way in the interview with Mr. Thompson.

### EIGHTY-EIGHT EMBRYO DOCTORS.

State Board Meets To-day—Two Executions—Wilmington Case. (Special Star Telegram.)  
RALEIGH, N. C., May 18.—The State Board of Medical Examiners met here to-night to prepare for the examination of applicants for licenses to practice in this State, the examination to commence to-morrow and continue until Tuesday. Eighty-eight applicants have registered for the examination and several others are expected to present themselves to-morrow morning. There are four women and nine negroes. Last year there were 105 examined at this Springs 27 having passed. The Board is composed of Dr. M. H. Fletcher, Asheville, president; Dr. George W. Freesty, Charlotte, secretary and treasurer; Dr. Frank H. Russell, Wilmington; Jas. M. Parrott, Winston; C. O. H. Laughlin, Greensboro; J. T. J. Battle, Greensboro, and A. A. Kent, of Lenoir.

Governor Aycock announces that he will not interfere with the execution of the death sentence of either Alfred Daniels at Trenton or Frank Davis at Kinston, both to be hanged to-day. Daniels killed Ferdinand Simmons, the father of Senator Simmons, and Davis killed Charles Tate.

### Case of Crimping.

Raleigh News and Observer: "Col. Harry Skinner, U. S. District Attorney, says that at Wilmington court an important case on the charge of 'crimping' is to be tried. In this case a Wilmington man turned over to a German ship a man as a sailor, and when the ship got on the other side the captain did not pay the man his full wages but reserved part, with the statement that he had paid this sum to the Wilmington man for furnishing the sailor. This is called 'crimping,' and is in violation of law. The United States, in order to get a case against the Wilmington man, had to bring back the sailor in question, from Bremen to London, thence to New Orleans, and so on to Wilmington. Another question that comes up is whether the captain of the ship cannot also be prosecuted, if the government gets hold of him."

### AN ARMY PASSING.

The United Confederate Veterans will hold their annual reunion this year at Nashville, Tenn., June 14th, 15th and 16th. Nashville is making elaborate preparations for the event, and it promises to be one of the most interesting reunions the veterans have ever held. No doubt the attendance will be large, for the committee of arrangements has taken steps to entertain all veterans who desire to make their trip as inexpensive as possible. Meals will be served daily from 6 A. M. to 6 P. M., so that many veterans need only get to Nashville and the committee will do the rest.

Probably the most interesting feature of the reunion will be the Jefferson Davis Memorial service, to be held at Christ church on the morning of the 14th at 10:30 o'clock. The address will be delivered by Rt. Rev. Thomas A. Gallor, Bishop of Tennessee. However, the particularly sad feature of the reunion will be the absence of the lamented General John B. Gordon, whose distinguished life came to an end since the re-union last year. This but reminds us of the painful fact that the ranks of the old soldiers are rapidly thinning out, and that in a few years most of them will be too old and feeble to attend. Thus these reunions become more important and interesting every year. The steps of the veterans are becoming feeble, they are stooping with age, and it will not be many years before they will be gathered at the eternal camping ground.

Sad, indeed, is the reflection that it will not be so very many years till a Confederate veteran will be a rarity, if not a curiosity. The brave old soldiers are fast laying down the burdens of life, but their valor will live in history and their memory will be enshrined in the love of their countrymen.

We wish it were so that every veteran who wore the gray could be able, or find some way, to attend the Nashville reunion. As the reunion at New Orleans last year was the last for the immortal Gordon, so the one this year will make the last chance for many before they shall have gathered "around the bivouac of the dead."

They belong to a glorious army that is passing—marching step by step to eternity.

### NOTHING ELSE TO DO.

The Red Springs Citizen says: The Wilmington Star advocates the sending of an instructed Parker delegation from North Carolina to St. Louis. Judge Parker is the Democratic candidate in the field for the Democratic nomination. He can poll a larger vote than any other man in the States of New York, New Jersey, Connecticut, Indiana and Illinois. These States will be the battle ground, and the distinguished jurist and statesman stands a good chance of winning in them all.

New York, New Jersey, Connecticut and Indiana have spoken for Parker. They are the doubtful States, and when they ask us for a candidate who will come nearer carrying them than any other man, we would throw away an opportunity to elect a Democratic president by temporizing and putting ourselves in the attitude of not seeing the inevitable. North Carolina is for Parker and it will be nothing but right for the Democratic State convention to say so. In fact there is nothing else to do at this stage of the game, with only two candidates being seriously considered. Good judgment, good politics, and the most available candidate make it the better part of wisdom for the North Carolina Democrats to instruct for the New York jurist.

### MAXTON IS ALL RIGHT.

The Red Springs Citizen says: Let us say in advance, that nobody need hesitate about attending the Congressional convention at Maxton next month for fear of not being properly entertained. No town in the State has better hotels, and Maxton will provide itself equal to this occasion, no matter how large the crowd.

The Star joins the Citizen in saying this about Maxton. There is no more hospitable place in North Carolina than the town of Mc's. Our Maxton friends can not only take care of a big crowd, but no people can give visitors a more cordial welcome. There is always something doing when the table is set in that community, and the fact is it always was a good place to go to. It is a pretty town, full of good people, and all who attend the convention will leave with the pleasant recollections of that good Scotch settlement.

### TWINKLINGS

—Edna—The Literary Club met with me yesterday afternoon. Alma—Is that so? What did you have to eat?—Cincinnati Commercial-Tribune.

—I never trouble myself about the future," he said. "No wonder," she replied. "It must keep you pretty busy thinking about your past."—Chicago Record Herald.

—Miss Bragg—Oh, yes; I've had six proposals since I saw you last. Miss Wise—Indeed? And did you finally reward his perseverance by accepting him?—Philadelphia Ledger.

—Johnny. Was that a good banana? Bill. The inside of it wasn't good, but it had a bully skin on it. Three fellows have already slipped up on it, and I'm on the watch for more of 'em.—Boston Transcript.

—Flipp—I hear that they use all sorts of materials in the manufacture of illuminating gas nowadays. Flopp—True. They even make light of the consumers' complaints.—Chicago Daily News.

—"When you're done los' an opportunity," said Uncle Eben, "you want to get busy lookin' for another." "Aid o' sista!" "I was talkin' 'bout you had luck like you was proud of it."—Washington Star.

—Tess—Mr. Sloman is such an excitable individual, so effervescent, as it were. Jess—I should think you'd be the last person in the world to call him "effervescent." Tess—Why? Jess—I notice you haven't succeeded in making him "pop."—Philadelphia Press.

—"Mrs. Chellus looks bad, doesn't she?" "Yes, and no wonder. She's been awake every night for a week past." "The idea! What was the matter?" "She discovered about a week ago that her husband talks in his sleep, and, of course, she had to listen."—Philadelphia Ledger.

—William Tell was about to shoot the apple from the youth's head. "It's a satisfaction to know," he chuckled, "that there won't be any smokeless powder investigation connected with this bit of target practice."—Cleveland Leader.

—"I am strongly inclined to think that your husband has appendicitis," said the physician. "That's just like him," answered Mrs. Cumrox. He always waits till anything has pretty near gone out of style before he decides to get it."—Washington Star.

### CURRENT COMMENT.

—Mr. Hearst says he will not bolt. Of course not. In the language of a Richmond politician, it is a foolish man who punches his own neck. —Richmond Times-Democrat.

—Roosevelt is making such a grandstand play for the negro vote that he will have a Mr. Black make the nominating speech at the national convention. —Jacksonville Times Union.

—A St. Louis judge has decided that the young woman's father has a right to go downstairs after 11 o'clock and interrupt the proceedings, either by force or otherwise. He evidently thinks he can be re-elected without the boy votes. —Chicago Record-Herald.

—The Big Four in the Presidential nomination are New York, New Jersey, Connecticut and Indiana. These are all for Parker. Why should Democrats in other States hesitate to fall in line when these four present such an acceptable man?—Macon Telegraph.

—Joe Jackson, a well known character, was shot and instantly killed at High Point Tuesday afternoon by Chief of Police Gray. Jackson had just returned from Greensboro with a beautiful supply of liquor and was "parading" the streets when Officer Gray chanced to pass by, Jackson hurling a vile epithet at him. Officer Gray went on down the street and some minutes later was again approached by Jackson, who, unaware, grappled him around the waist and made a desperate effort to secure Officer Gray's pistol. After a hard struggle, in which it looked for a while like Jackson would secure the pistol, Officer Gray managed to get the use of one of his hands and fired on Jackson. The first shot went wild. The second took effect in the stomach and the third entered the head. Mr. Gray remarked after the shooting: "I regret it, but I had to do it."

is a Specific for all disorders arising from an impaired Digestive System. It gives instantaneous relief and positively cures. "I am 56 years old. For eighteen years I suffered from dyspepsia, and experienced all the distressing symptoms associated with that terrible disease. My physician prescribed various remedies, but none gave me any permanent relief. I was treated for eight months by an eminent foreign specialist, but my condition remained the same. My father-in-law, who was a physician, advised me to try the Grover Graham Dyspepsia Remedy. I bought a bottle and took it as directed. I was cured. I am now perfectly well. I can eat and digest everything I wish. I feel like a new man. I am now perfectly well."—George Moti, Cincinnati, Ohio.

Try a 25-cent bottle. It will instantly correct all disorders of the digestive system. Do not hesitate, but act at once! "Three doctors said that I had cancer of the stomach, and I believed it. One bottle of the Grover Graham Dyspepsia Remedy convinced me that they were wrong. Thanks to the use of it I am now perfectly well."—George Moti, Cincinnati, Ohio.

## SPIRITS TURPENTINE.

—The State Firemen's tournament will be held in Raleigh August 2nd to 5th.

—Frog farming is a profitable industry in Hyde county. Frog legs bring from 30 to 40 cents a dozen in the cities.

—Lumberton Argus: The editor questioned men from various quarters Saturday, and it seems almost a foregone conclusion that Stedman will be the nominee.

—At Angier on Tuesday in a shooting affray between Will Flowers and Tom Massey, both negroes, Massey was killed. Flowers made his escape. The cause of the shooting is unknown.

—Salisbury Sun: Mr. Hearst has settled all doubt as to his intentions in the coming campaign by announcing his purpose to support the nominees of the St. Louis convention. It is now up to Mr. Bryan.

—Lumberton Argus: We are informed that some fiendish wretch went to the hog pen of Mr. Jud Moore, in North Lumberton, Saturday night and killed three or four hogs, leaving only one alive. There is no suspicion as to who did it. The hogs had been knocked in the head. The loss is heavy on the young man, as they were fine hogs.

—The A. M. Shrager Company, of Goldsboro, was incorporated at Raleigh on Tuesday. The business of the corporation will be to manufacture all kinds of cotton and woolen goods, boots, shoes, valises, trunks, harness, etc. The amount of capital paid in is \$25,000, with the privilege of increasing it to \$100,000.

—John Jarvis, a white man of about 26 years of age, was drowned off the schooner "A. V.", when opposite the Small farm, near Washington, N. C., on Tuesday. The young man was asleep on the deck of the boat, and in some way rolled off the boat into the river. The body was recovered in about two hours by Mr. Mac Brinson, who used his drag net.

—Salisbury Sun: News has been received here of a serious difficulty in which George Murphy, of this city, now of Anderson, S. C., was involved last week. A special to the Columbia State from Anderson says that Murphy protested with a friend who was ending his employer, then in an intoxicated condition, to a gambling dive. The friend followed when the man assaulted Murphy and he cut him with a small pocket knife, inflicting dangerous wounds. The injured party is improving and Murphy was released on a small bond.

—At Asheville on Monday evening, while Newton Snyder and Lee Wooten were endeavoring to cross the railroad track in a wagon near Billmore, the wagon was struck by the Asheville and Spartanburg passenger train. When the wagon was on the rails the horse balked, and before the occupants could jump the train had struck. The boys were thrown into the air, and it was at first thought that they had been killed, but upon investigation it was found that while severely bruised they were not seriously injured. The horse attached to the wagon was killed and the wagon torn to pieces.

—Statesville Mascot: John and Gus Murray and John Rice, tried for murder of James Rice, were found guilty of murder in the second degree and were sentenced to the penitentiary, the Murrys for 18 years each and Rice for 10 years. Judge Long in passing sentence upon the prisoners said that he had never felt that the ends of justice were met by inflicting the extreme punishment, but, like Blackstone, he felt that "the certainty of punishment and the swiftness of it" better served the ends of justice. "It is now my duty to sentence you three young men, and as I look into your faces it is with sorrow. The ages of you three young men are from 20 to 24 years. A man is most useful to the community in which he lives between that age and the age of 50, and during that time you young men are to be deprived of your liberties—you are to be imprisoned."

—Elizabeth City Economist: In conversation with a gentleman yesterday who is somewhat interested in the road, he very frankly said that he considered what the Suffolk and Carolina was doing would soon make them a competitor with the Seaboard for through travel. The idea he suggested was a line of boats from here connecting with some point across the sound and giving a thorough service from New York and all points north to Wilmington and all points south. The Seaboard has been handling all of this traffic but the steamboat services they offer takes passengers around Hatteras which is objected to very much by tourists on account of the rough waters that are always encountered. By running a line of boats from here across the sound it would not be necessary to encounter this rough strip and besides would give a more direct and quicker line from the north.

**A Sure Thing.**  
It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to this. Mr. C. B. Vanhook, of Shepherdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Dr. R. H. Bellamy, druggist. Trial bottles free. Regular sizes 50c and \$1.00.

TO ACCOMMODATE those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75c. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

# Schlitz Hops from Bohemia

We send our buyers there every year to get the best that are grown, and we pay twice what common hops cost

A partner in our business buys our barley, and selects the best from all.

We get our water from six wells, bored 1400 feet to rock.

Our yeast is all developed from the original mother cells which helped to make Schlitz Beer famous.

All the air that touches Schlitz Beer comes to it through air filters. And the beer itself is filtered through white wood pulp. Then we age it for months, until it can't cause biliousness.

We sterilize every bottle. Ask for the brewery bottling.

## NEVER MADE A WHITE MAN.

Bishop Turner of the African Methodist Episcopal Church Says in the Beginning All Men Were Black.

By Telegram to the Morning Star.

CHICAGO, May 18.—"God never made a white man. In the beginning all men were black, but in their wanderings on the earth many of them have become bleached. And in their unnatural pallor many of these bleached men, all of whom were made black at the beginning, now look with contempt and indifference—often with prejudice and hate—upon their brethren, the negroes, who have retained the color that God gave them."

Such was the declaration of the Rev. H. M. Turner, senior bishop of the African Methodist Episcopal church, in an address in Quinn chapel before one of the sessions of the church's conference. The church was packed with negroes who are leaders in the religious work of their race, and all applauded vociferously.

"What we negroes need is more education," continued Bishop Turner. "We need not only the various schools now under control of our church, but we need proper education imparted. We should write books of our own, scientific treatises of our own, in harmony with our color and our race and our own songs like 'Wash me and I shall be whiter than snow,' a song that I would not tolerate now in my presence."

"I do not want to be misunderstood though, and I say the credit of the white man—whose race is at the same time the meanest I ever saw and the best—that whenever our race tries to rise, as a general rule he will help us."

## BEGUN NA INVESTIGATION.

Interstate Commerce Commission and Differential Freight Rates to the Seaboard from the West.

By Telegram to the Morning Star.

NEW YORK, May 18.—The Interstate Commerce Commission today began an investigation of the differential freight rates to the seaboard from the West on merchandise intended for export.

Grain rates are chiefly at issue, and secondarily grain products—flour, meal, feed, etc.—but the investigation includes all export goods.

The formal order issued by the commission from Washington for the investigation said it would include traffic by all rail and water and rail lines between interior points and the North Atlantic ports, New York, Boston, Philadelphia, Baltimore, Newport News, Norfolk, Portland, Halifax and Montreal.

Representatives of trade bodies and railroads from all parts of the country east of the Mississippi river, were present and several were heard.

## OHIO REPUBLICANS.

State Convention—Nominations Made. Delegates to Chicago for Roosevelt.

By Telegram to the Morning Star.

COLUMBUS, O., May 18.—The Republican State convention was in session only three hours here today and most of that time was occupied in balloting for candidate for supreme judge.

The proceedings were exceptionally harmonious and at no time exciting. The convention was controlled by Harlick, Dike and Cox. The Ohio delegation to the Chicago convention was not instructed, but it is pledged by the resolutions of the past two conventions to President Roosevelt.

The platform declares for protection, sound finance, the extension of the laws against unjust discrimination to combinations in restraint of trade, the protection of every American citizen in his constitutional rights, an exalted franchise and a pure ballot.

## JEALOUS WITHOUT CAUSE.

Young Married Man Killed His Wife and committed suicide.

By Telegram to the Morning Star.

BELLE VERNON, Pa., May 18.—

Jealous without cause, Clyde Robinson, 31 years old, today shot and instantly killed his 19-year old wife, and turning the weapon upon himself put a bullet into his brain. He died without regaining consciousness. There was no witness but the couple's two-month-old daughter, who was nursing when the first shot was fired. That the child is now alive is a miracle. In falling the mother plunged down a flight of stairs with her baby beneath her. Robinson fell across his wife's body, but when the child was rescued from its position it had not even a scratch. The couple had a stormy married life.

## JAPS MARCHING ON NEW CHWANG.

Evacuation of the Place by the Russians Nearly Completed and Everything Quiet.

By Telegram to the Morning Star.

THE U. S. ASIATIC SQUADRON

Expected Soon at the Foo—Quiet at Port Arthur—Japanese Forces Near Mukden—Heavy Rains Impede the Military Movements.

By Cable to the Morning Star.

TIEN TSIN, May 18.—Lloyd's agent at New Chwang has telegraphed under Tuesday's date, as follows:

"The Japanese division which landed at Kai Chia May 16th, under heavy firing of the Japanese men-of-war, is marching toward New Chwang."

Evacuation of the Russians has been nearly completed. The Japanese are expected to arrive shortly. It is quiet at New Chwang, and shipping shows favorable prospects.

THE U. S. S. S. S.

CHE FOO, May 18.—A cable has been received here from Admiral Cooper, in command of the U. S. Asiatic Squadron, announcing that he expects to arrive at Che Foo soon with his squadron.

Gen. Kuropatkin's Purpose.

ST. PETERSBURG, May 18.—Confirming intimations that it is General Kuropatkin's purpose to avoid a decisive combat with the Japanese at the present stage of the war the statement was made by the general staff today that the commander-in-chief is making preparations to fall back on Mukden and then on Harbin.

While the superior numbers of the enemy compel a retreat, it does not follow that General Kuropatkin will not strike a stinging blow should a strategic mistake be made which will enable him to throw a stronger army upon one of the advancing columns of his antagonists.

Military Movements Impeded.

LIO YANG, May 17.—(delayed in transmission)—Heavy rains and snow which has fallen on the mountains seriously impeded the military movements. The roads in some places are almost impassable, and may have led to the reported falling back of the Japanese on the roads leading here from Long Sheng-Cheng and Shu-Yen.

In consequence of the rain loosening the permanent way north of Mukden the rain spread at the station of Shu-Yen, causing a wreck in which thirty persons were killed, mostly the families of railroad employees on their way north.

Balloons for Port Arthur.

ST. PETERSBURG, May 18, 3:30 P.M.—The admiralty received today a special dispatch from Admiral Witteff, believed to have been dated from Port Arthur May 14th, reporting that there was no fighting at sea, and that the telegraph line was cut, the Japanese ships not having attacked. Everything was well with the Russian squadron. The dispatch was gratifying to the authorities, not only for the news it contained, but because it reestablished the fact that while the telegraph line is severed a system of communication has been maintained.

One of the reasons for the desperate efforts of the Russians to get to Port Arthur what is officially called an "ammunition train" has been revealed by information which leaked out today. There was little need, it appears for more ammunition, great quantities being stored in the fortress, but General Stoessel was exceedingly anxious to be provided with bombs.

Before the Russian authorities loaded on a vessel a complete balloon equipment for Manchuria, but it was captured by the Japanese, who used it for balloons in their operations against Port Arthur.

"If the Japanese try to drift balloons over Port Arthur and drop explosives on the fortress," said an officer today, "the world will hear of the first battle in the air."

Russians Driven Out.

LONDON, May 19.—The "Daily Telegraph" New Chwang correspondent, under date of May 18th, says:

"After driving out 1,500 Russians and destroying the railway the Japanese re-embarked from Kai-Chau, the combined fleet heading seaward."

"The Russian re-entered New Chwang with 1,000 infantry and two batteries of artillery, but all preparations are made for a hasty evacuation."

CHE FOO, May 19, noon.—The warships reported to have been sunk off Port Arthur are the battleships Shiokima and the armored cruiser Asama. The story is not believed here, but the Russians who brought the news insist that it is true.

PARIS, May 19.—The St. Petersburg correspondent of "The Matin" says that official advice has been received to the effect that the Japanese have occupied New Chwang.

## THE DEADLOCK UNBROKEN.

More Fruitless Balloting by the Illinois Republican Convention—Yates Keeps in the Lead.

By Telegram to the Morning Star.

SPRINGFIELD, ILL., May 18.—The Republican State Convention spent another day in fruitless balloting and there is not the least indication of a break in the deadlock anywhere along the line.

Lawrence X. Sherman's followers today continued to grow with Deen, but the Cook county delegate developed no additional strength and his nomination was no nearer consummation when the convention recessed to-night than it was last night.

Governor Yates' followers remained firm to-day, and cemented their allegiance to the governor by the end of a meeting where the governor made a speech intimating that he would be willing to have the gubernatorial proposition referred to a primary election to be held on the same day throughout the State. Nine ballots were taken to-day and the last one did not show any material change. Governor Yates is maintaining his lead. The convention will meet again to-morrow.

## POSTOFFICE ROBBED.

Safe Dynamited and Money and Stamps Carried Off.

By Telegram to the Morning Star.

RICHMOND, Va., May 18.—A Suffolk special says:

Burglars this morning, before day-break, dynamited the safe of the Beason, Virginia, postoffice and obtained about \$100 in stamps, besides the cash. The front of A. E. Wilroy's store, where the office is kept, was opened with a skeleton key. The safe was blown into several pieces.

## EFFECTS OF MODERN HEAVY GUN FIRE.

Report of Surgeon Wilson of the Vicksburg on the Condition of Russian Wounded After Fight With Japanese Ships.

By Telegram to the Morning Star.

WASHINGTON, May 18.—Never since the development of the modern iron-clad has the medical department of the United States navy had so perfect an opportunity to study the terrible effects on shipboard of modern heavy gun-fire as that presented in the ship and fatal struggles for life of the Russian crews of the Varlag and Korietz, and the department has been waiting with the greatest interest for the report of Dr. H. D. Wilson of the Vicksburg. This was received today by Surgeon General Hixey and it is said to be of the greatest value not only for the technical lessons it teaches, but also as conclusively sustaining the statements by Captain Marshall, of the Vicksburg, as to the tender of the Russian crews. The report bearing on that incident is as follows:

"Immediately after the Russian cruiser Varlag returned from her fight with the Japanese fleet, and had anchored, I was directed by the captain of this ship (Vicksburg) to go on board and offer to the Russian crew, as their ships were anchored in assisting to take care of the wounded. The Russian commander accepted the offer and requested me to go aboard where the wounded were being cared for."

"The medical men from the French, English and Italian ships were on board at night, they having arrived before me, as their ships were anchored much nearer the Russian."

"On deck were most of the dead as they had been killed at the guns; below, the wounded were being cared for, each medical officer selecting a convenient place to dress them. It was impracticable to move them from the deck, as the Russian ship was in a state of a most temporary nature, as there were so many cases needing immediate attention, and also it was not known but that the Japanese would resume the fight at any time, as the Russian ship had not surrendered when she returned to the inner harbor."

"No attempt was made to perform operations, and as soon as dressings were applied the wounded were put in boats and taken to some of the foreign ships. The Russian captain intended to leave his ship and sink her. I offered to send any wounded on board the Zairo (which was the Russian ship) and the captain of the Vicksburg had directed me to proffer her services for the wounded. The offer was declined by both the captain and the surgeon, leaving me informing me there was sufficient room on the other warships."

I think the engagement showed that it will be impossible to attend wounded during an engagement between modern ships, unless the number of medical attendants is increased. The Russian hospital allowance for the wounded would be obliged to take care of themselves until the fight was over."

## SOUTHERN PRESBYTERIANS.

General Assembly to Convene in Mobile. Delegates Arriving—Important Business to be Considered.

By Telegram to the Morning Star.

MOBILE, Ala., May 18.—The 44th General Assembly of the Southern Presbyterian Church will convene at 11 o'clock to-morrow morning in the Government Street Presbyterian church and will be called to order by Moderator Rev. A. C. Hopkins, of Charleston, W. Va., who was chaplain of Stonewall Jackson's brigade during the civil war.

The first business after the assembly is called to order will be the election of a moderator, for which several prominent members of the assembly are mentioned. This will be followed by the election of temporary clerks, business details of sections and the reports of all departments. Probably the most important business to come up will be the election of the Southern and Southern branches of the church. Several synods have sent overtures asking that a committee be named to consider the adoption of a similar committee from the Northern branch for the purpose of a complete coalition and the obliteration of all distinctions. It is expected that one of two courses will be pursued by the assembly. A committee of the conference will either be appointed or the entire matter will be referred to the year. It is understood that each proposition has a large following. There are about 150 delegates now in the city and to-night assembly prayers were held in the Free Street Presbyterian church. Dr. W. A. Alexander, stated clerk, is here and began the examination of credentials to-night.

## ATTEMPT TO KILL THE CZAR.

Plot to Attack Emperor With a Bomb at a Parade in St. Petersburg Detected and Thwarted.

By Cable to the Morning Star.

BRESLAU, PRUSSIA, May 18.—The St. Petersburg correspondent of the "Breslau Zeitung" reports that the authorities detected and thwarted a plot to attack the Emperor with a bomb during the Spring parade in St. Petersburg, May 10th. The Emperor was escorted by the Grand Duke, back, taking a position before and slightly to one side of the pavilion from which the Emperor and the Grand Duchess view the parade.

Just after the Emperor arrived on the parade, May 10th, it was noticed that Miss Mereshkevsky, daughter of a leading Russian official and a member of the Imperial family, was concealed in her clothing. The girl did not deny her intention of hurling the missile at the Emperor, but refused to give any further information. Miss Mereshkevsky has been an attendant at the courses in the Women's University. It is rumored that she has been hanged, and her aged father is completely prostrated.

"Billy" Lewis, of New York, was given the decision over Ed. Griffith, of Baltimore last night, after the police had stopped the fight in the eighth round. The men were scheduled to go on rounds, but Griffith was knocked down twice in the eighth and was practically out when the police intervened.

## REPUBLICANS IN STATE CONVENTION.

Every County in State of North Carolina Represented at the Greensboro Gathering.

A FULL TICKET NOMINATED.

State Chairman Rollins Arranged the Democratic State Administration—The Race Question Declared Settled—Sensation Sprung.

By Telegram to the Morning Star.

RALPHIGH, N. C., May 18.—The Republican convention met at Greensboro, N. C., at noon to-day, with every county represented. C. P. Frazier, in his address of welcome, evoked applause by declaring that "we need two great parties in the South, composed of men of the same race dominated by the best men of each."

State Chairman Rollins spoke briefly, arranging the Democratic administration, and concluding by exclaiming amid a roar of applause, "Up, Van Winkle politics is a thing of the past in North Carolina, for the race question has been settled and efforts to revive it for partisan purposes will be universally condemned."

After the selection of committees the convention adjourned until 3 o'clock P. M.

The State Ticket.

A full State ticket was nominated by the Republicans at Greensboro to-night, as follows:

Governor—Charles J. Harris, of Jackson county.

Lieutenant Governor—Isaac M. Meekins, of Pasquotank county.

Attorney General—W. H. Yarborough, of Franklin.

Secretary of State—J. J. Jenkins, of Chatham.

Treasurer—C. C. Bailey, of Jenkins.

Auditor—Frank Linney, of Waitsburg.

Superintendent Public Instruction—C. P. Frazier, of Guilford.

Commissioner of Agriculture—W. R. Dixon, of Craven.

Labor Commissioner—J. Y. Hambrick, of Cleveland.

Judge of the Supreme Court—Robt. M. Douglas, of Guilford; W. A. Montgomery, of Warren.

Delegates to National Convention—Testing station, of E. S. Blackburn, of E. C. Duncan, of B. Mebane.

The nominee for governor is a wealthy leather manufacturer and miner.

## A Sensation Sprung.

The report of the committee on resolutions strongly expressed the admiration of President Roosevelt and pledges the State organization to efforts for his reelection.

Commissioner of Agriculture—W. R. Dixon, of Craven.

Labor Commissioner—J. Y. Hambrick, of Cleveland.

Judge of the Supreme Court—Robt. M. Douglas, of Guilford; W. A. Montgomery, of Warren.

## THIRTY YEARS' EXPERIENCE WITH BUFFALO LITHIA WATER.

The Use of Buffalo Lithia Water in the Clinic.

"I Have Found Pure Buffalo Lithia Water Far Superior in Practice to Any of the Various Preparations of Lithia and Potash."

(From the New York Medical Times of February 7, 1893.)

Dr. E. C. Laird, former Resident Physician at Buffalo Lithia Springs, former Resident Physician at Hot Springs, N. C., and now at Battery Park Hotel, Asheville, N. C., writes:

"I want to state to your readers that I have found Pure Buffalo Lithia Water, covering a period of more than thirty years, to be far superior to any of the various preparations of Lithia and Potash, and I have used them in the clinic, and in my practice, and the results obtained from its use are far beyond those which would be warranted by the usual doses. I am of the opinion that it either contains some wonderful remedial agent, or it is the result of some chemical process, or its elements are so delicately combined in Nature's laboratory, that they defy the utmost skill of the chemist to reproduce the results of its power."

"I have used it in the treatment of the various preparations of Lithia and Potash, but am thoroughly convinced that the results obtained from Pure Buffalo Lithia Water are far superior."
